¹ Preliminary data.² Preliminary data are for 4-year and 2-year degree-granting institutions that were eligible to participate in Title IV federal financial aid programs.

—Data not available or not applicable.

NOTE.—Trend tabulations of institutions of higher education data are based on institutions that were accredited by an agency or association that was recognized by the U.S. Department of Education. The Department of Education no longer distinguishes between

those institutions and other institutions that are eligible to participate in Title IV programs. The new degree-granting classification is very similar to the earlier higher education classification, except that it includes some additional institutions, primarily 2-year colleges, and excludes a few higher education institutions that did not award degrees.
